B. Business activities

Founded in 1994 by the City University of Hong Kong and a group of engineering researchers, the Company, its subsidiaries company (collectively, the “Group”) have been dedicated to developing and marketing innovative products that make use of advanced signal processing technologies. The Group offers a wide range of video and audio monitoring and recording systems under various brand names including “*TeleEye*”, “*千里眼*” and “*CAMERIO*” which are used for various purposes such as security surveillance, remote business management, monitoring of unmanned premises and equipment and traffic control. By using the advance image compression technology developed by the Group, the Group’s products enable users to observe and monitor through personal computers what is happening in remote sites via phone lines, ISDN, mobile network, Intranet or the Internet. The Group’s products also incorporate digital video and audio recording, remote camera control and intelligent alarm functions.

The Group has extensive distribution network throughout the world and its products have been marketed in over 20 countries worldwide. In Hong Kong, the Group sells to more than 100 dealers.
